IV. IPv4 Address Space Request* (Please allow 3-7 business days for processing of your request. We may request additional information which could possibly extend the processing of your request.)							
Please list your requested IP Address space below.							
365 Data Centers requires that each company submitting an initial IP request provide documentation establishing that they have:							
1. An immediate need for at least 25% of the requested IP addresses, and							
2. A one-year need for at least 50% of the requested IP addresses.							
A company submitting for additional IP address space must provide documentation that they have utilized at least 80% of their previously-assigned IP address space in a justifiably manner. This should be documented in the "Current IP Address Space Utilization" section above.

VI. Additional Comments

Please return the completed form to your 365 Data Centers Account Executive or the Customer Service Center. Failure to provide the requested details may cause a delay in provisioning your IP Address Space Request.

Requested Authorization*

By signing this document I agree to be bound by ARIN's IP assignment policy as administered by 365 Data Centers. I am requesting the smallest possible amount of address space possible necessary for my present and future needs. I understand that should I not reach the utilization thresholds prescribed by these policies, I may have my address space reassigned to a smaller block. I also have read and agree to be bound by 365 Data Centers' AUP and network management policies.
